DETAILED ACTION

Response to Amendment

1. The amendment and remarks filed 12/5/2008 are noted with appreciation.

Response to Arguments

2. The rejections under 35 USC 112, 2nd Paragraph, are withdrawn in view of the amendment.
3. The rejections in view of the prior art are also withdrawn in view of the amendment. The cited art neither teaches nor suggests the claimed poorly adhesive layer.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
6. The term "poorly adhesive" in claim 1 is a relative term which renders the claim indefinite. The term "poorly adhesive" is not defined by the claim, the specification does not provide a standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention. It is unclear how strongly adhesive the layer may be and still be considered "poorly adhesive within the context of the invention." Consequently, the metes and bounds of the claimed subject matter are impossible to determine.

Allowable Subject Matter

7. Claims 1-20 are allowed.
8. The following is a statement of reasons for the indication of allowable subject matter: the reasons for allowance remain the same as set forth under this heading in the prior Office action.

Conclusion

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
